Utah Governor's Office of

BUSINESS • TOURISM • FILM

DID YOU KNOW...?

- ♦ Canada has been Utah's 2nd largest trading partner for the past six years. Utah exports to Canada in 2010 reached \$1.2 billion dollars.
- ♦ The North American Free Trade Agreement (NAFTA) provides Utah exporters with a clear competitive advantage over other foreign competitors in Canada. Through NAFTA, Utah products, with the exception of a few agricultural products, enter Canada duty free.
- ♦ In addition to our close market proximity, trade between Canada and Utah is greatly facilitated by our common culture, adherence to democratic principles and the rule of law, free market economies, comparable standards of living, similar business practices, familiar lifestyles and ease of travel between both countries.
- ♦ Governor Gary Herbert will lead this Trade Mission to assist Utah businesses with exports to Canada, promote foreign direct investment opportunities and tourism and strengthen educational ties.
- ♦ The Mission will include customized one-on-one business appointments.
- ♦ Whether you are new to exporting or a seasoned global marketer, this is an excellent opportunity to expand your sales to Canada.
